  - Backend & APIs: REST APIs, GraphQL APIs, Node.js, MySQL
  - Automation & DevOps: RPA, Selenium, Git, CI/CD (CodeMagic, Jenkins)
  - Agile & Software Development: SDLC, Agile, MVC, MVVM, Jira
  - Version Control: Git, GitHub, Bitbucket
  - Third-Party Integrations: Google Maps, OneSignal, Google AdMob, Payment Gateways
- 

## WORK EXPERIENCE

### Flutter Software Engineer

WithU | London (Remote) | 02/2023 - Present

- Architect, design, and implement scalable, modular, and maintainable Flutter

applications.

- Lead technical decision-making, integrating third-party services for enhanced app performance.
- Conduct code reviews, technical discussions, and enforce best coding practices.
- Identify and resolve complex bugs, crashes, and performance bottlenecks across iOS, Android, and Web.
- Collaborate with designers, backend engineers, and product managers to translate requirements into high-quality applications.

### **Senior Flutter Developer**

TransData | Lahore | 07/2022 - 04/2023

- Developed and deployed new features for mobile applications using Flutter.
- Ensured high performance, responsiveness, and quality of applications.
- Diagnosed and fixed bugs and performance issues.
- Wrote automated tests to maintain high code quality.

### **Senior Mobile App Developer**

CloudMedx | New York | 07/2022 - 02/2023

- Developed and maintained high-quality, scalable mobile applications.
- Integrated databases, APIs, and cloud-based solutions for app enhancement.
- Participated in code reviews and cross-functional coordination to align with business objectives.

### **Senior Software Engineer**

Absolute Solutions | Lahore | 07/2021 - 08/2022

- Designed and developed new app features.
- Debugged and optimized performance for maximum efficiency.
- Integrated REST APIs and GraphQL APIs.
- Worked with Agile methodologies to meet business needs efficiently.

### **Project Manager & Senior Flutter Developer**

Alliance Tech (Pvt.) Ltd | Lahore | 08/2020 - 08/2022

- Led a cross-functional team, defining and shipping new app features.
- Implemented scalable UI/UX components and architecture.
- Optimized apps for speed, scalability, and high performance.

## Flutter Developer

RedCode Technologies | Lahore | 10/2019 - 07/2020

- Built UI/UX-focused applications with animations and Firebase integration.
- Integrated Google Maps and REST APIs.

## Junior Android Developer

NexusBerry | Lahore | 07/2018 - 09/2018

- Developed Android applications and integrated Google Maps & Firebase.
- Gained expertise in Object-Oriented Programming (OOP).
